THATO MAPHALLA

Computer Systems Engineer

About Me

Dedicated and highly motivated Computer Systems Engineer with a strong academic background and practical experience gained through a recent internship at Interoot (PTY) LTD. I am committed to pursuing a career that allows me to apply my skills to the real-world challenges. My goal is to leverage my education and practical experience to make a positive impact in the field of Computer Systems Engineering.

I am seeking an entry-level position that allows me to apply my skills, learn from the experienced professionals, and grow as a computer systems engineer. I am enthusiastic about embracing new challenges and am ready to contribute to the success of your organization.
